

Announcement

VALITEST training activities

on the concept of validation in Plant Health diagnostics

1st semester 2021

Note that due to the Covid-19 pandemic, the regional training workshops that were announced in July are cancelled. Online activities will be organized to replace those workshops.

Webinar series and online practical training sessions

on the following topics:

- The concept of test validation in Plant Health
(January to February 2021)
- The organization of Test Performance Studies (TPS)
(February to April 2021)

Further information and registrations :
